Brian:  
 I took a quick look at the patent and think I could help with demonstrating how weak the MEMC position is.  
 I will be at the Hilton Hotel in DC  
 1-202-483-3000  
 Sun to Friday next week and then off to Italy for two weeks.

Just wrote an e-mail suggesting other people, etc., but they are just not the best match for this task, so I trashed it. It will come back to haunt me, I fear, but if you make me an offer I can't refuse, I will try to help.

What is the expected remuneration for this service?

Where will it take place and approximately when?

Brian:

It seems with the new year here and a reevaluation of my relationships with both MEMC and SOITEC, I find it would be best if I did not proceed any further with advising or representing SOITEC on their patent dispute with MEMC.

I regret that I have taken so long to come to this decision, but in the long run it is probably the best for all parties.

Thank you for considering me to be of some value to your case.

Sincerely,

George Rozgonyi
